VOLUME CVI.--NO. 225. ALEXANDRIA, VA., FRIDAY EVENING, SEPTEMBER 22, 1905. PRICE 2 CENTS.

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon.

Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., (Ex. Financial Secretary International Brotherhood of Teamsters), 2208 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles affected a complete cure and gladly do I recommend it."

Dr. Pierce's Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver or sluggish Bowels.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

THE LATE EX-GOV. O'FERRALL.

As stated elsewhere in the Gazette, Ex-Governor Charles T. O'Ferrall died at his home in Richmond today.

Ex-Governor O'Ferrall was born in Frederick county, Virginia, October 21, 1840, and is 65 years old. His father was the late John O'Ferrall, of Morgan county, Virginia (now West Virginia), and was a popular man of his time, having often been a member of the Virginia House of Delegates, and at the time of his death was clerk of his county and circuit courts.

It was at this later period and at the age of 15 years that the younger O'Ferrall came into public life, and there was hardly a moment from that time until the end of his term as governor, on January 1, 1898, that he was not rendering service to the public, either in peace or in war.

Young O'Ferrall was appointed clerk pro tempore of the Court of Morgan county upon the death of his father, and at the age of 17 was elected for a full term of six years. But the war came on, and the gallant young Virginian—destined thus early in life to make a name for himself, shouldered his musket and marched out to fight for his people.

Morgan county was strongly union in sentiment and sent only about 20 soldiers to the Confederate army.

The town of Berkeley Springs sent only two, and Charles T. O'Ferrall was one of these.

He entered as a private in the cavalry service, and rose, step by step, as a result of his intrepid bravery to the rank of colonel, and at the close of the war was in command of all the southern cavalry in the Valley of Virginia.

To his regiment, indeed, is due the credit for holding the last line, having the last fight and capturing the last prisoner on Virginia soil.

His command was in two engagements after the surrender of Gen. R. E. Lee, having refused to believe that his great leader had laid down his arms, although under a flag of truce General Hancock sent him word that Lee had surrendered, and that it would be well for his regiment to follow the example of its commander. He never knew the definition of the word "fear," and his black plume always waved at the head of his regiment, where the battle rolled the deepest.

In that four years of blood and carnage Colonel O'Ferrall was eight times wounded—three times from saber thrusts and five from bullets.

Returning from the war, he got together enough money to enter the law class at Washington College, from which he graduated with distinction. He settled at Harrisonburg and entered upon the practice of his profession.

In 1871 Colonel O'Ferrall was elected to the House of Delegates as a conservative. At the end of his legislative term he was elected judge of the County Court of Rockingham, and in his position disposed of some of the most important and perplexing criminal cases ever tried in the Valley courts.

When the readjusters got control of the legislature, in 1879, Judge O'Ferrall was displaced, and one of General Mahone's followers put into his place. He was always an ardent democrat, and upon leaving the bench was sent from the Cumberland Gap to the ocean many times to preach the doctrines of his party to the voters.

In 1882 Colonel O'Ferrall made his first race for Congress. His competitor was the late Judge John Paul, of his own town of Harrisonburg.

The national House was democratic, and Colonel O'Ferrall made a contest on the grounds of fraud and illegal voting and was seated.

He was seated in the Forty-eighth Congress on May 5, 1884, and was five times renominated and re-elected, practically without opposition in his own party.

He made and kept the Seventh district safely democratic, and when he left it to assume the duties of governor in 1894, it was, as it is today, regarded as the Gibraltar of the party in Virginia.

He was the chief lieutenant floor leader of the late Charles F. Crisp, of Georgia, in his fight for speaker against Roger Q. Mills, of Texas, and when Crisp won he made O'Ferrall chairman of the important committee on privileges and elections.

He was an intimate friend of President Cleveland, and through both of the latter's administrations was often called to the White House.

Governor O'Ferrall would never subscribe to the doctrine of free silver, and with his characteristic courage and frankness announced that he would give his support to Palmer and Buckner, the candidates of the gold wing of the party.

Governor O'Ferrall in his latter days made a valuable contribution to the literature of Virginia in his book entitled, "Forty Years of Active Service."

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead. of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonnade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:—

"About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

"Spanish Prisoner" Letter.

A letter received Wednesday from Madrid, Spain, by Julius Rothenberg, of Chicago, may aid the government in running down the "Spanish Prisoner" gang of swindlers, whose world-wide operations have extended over a period of several years. It will be turned over to Berthold Singer, the Spanish consul, with the request that the Madrid authorities be notified. The letter purports to be from a friend who is in a Spanish prison for bankruptcy, and it requests help to recover $210,000 in checks, payable to bearer, which are said to be hidden in a secret compartment in a valise, which, with other pieces of luggage, has been seized by the authorities. In order to recover the money, the letter says, it will be necessary for Mr. Rothenberg to go Spain and pay the registry fee for the luggage, and, as a reward, one-third of the $210,000 is promised to him. The "prisoner" signs only "R.," and enjoins Mr. Rothenberg not to write in reply, but to telegraph to a trusted servant, whose address is 4 Hileras Segundo, Madrid, Spain. Similar letters have recently been received in Alexandria.

Alexandria Gazette AND VIRGINIA ADVERTISER

FRIDAY EVENING. SEP. 22, 1905.

MR. JOHN A. MCCALL says that his life was made weary last year by the solicitation of money by democrats, but Judge Parker denies that any one authorized to represent him tried to get any money out of a life insurance company. He is supported by William F. Sheehan, who denies that any person acting for the committee sought money from Mr. McCall, and Chairman Taggart, of the democratic national committee, denies the statement that his committee had solicited money for the campaign fund from that concern. "No member of the national committee or any agent of the committee ever asked Mr. McCall, of the New York Life, for a dollar," he says. "Neither the democratic national committee nor any authorized representative of the committee ever asked a dollar's contribution to the campaign fund from any other insurance company." The statements of Judge Parker and Mr. Sheehan and Mr. Taggart clear the democratic national committee of any culpability. But the republican committee sought money from the life insurance companies and got it. The republican administration was holding the lash over a number of corporations. The ex-Secretary of the Department of Commerce and Labor was running the campaign. The Commissioner of the Bureau of Corporations was preparing a learned argument to show that the insurance companies should be relieved from State regulation and be controlled from Washington." It is not singular, says the Philadelphia Record, "that these facts have caused a commotion at Oyster Bay and that the President has been in conference with Mr. Root and Mr. Cortelyou and Mr. Choate. Mr. McCall's life is not the only weary one."

POSITIVE evidence that the asphalt trust actively promoted and financed the Matos revolution of 1902, in Venezuela, was given in a legal hearing in New York yesterday. The case was that of the Venezuelan government against the New York and Bermudez Company, a trust subsidiary, to recover $11,000,000 damages because of the trust's alleged participancy in the revolution. The original suit is pending in the highest court of Venezuela, but testimony is being taken here under an order creating a commission. The first witness was L. A. Kuhn, who swore that at the time of the revolution of General Matos he was in the employ of the New York and Bermudez Company at Guanaco, Venezuela, and that, acting under the instructions of Major Rafferty, one of his superiors, he rendered all the assistance possible to the revolutionists. And this is the trust for which the jingoes would have this country go to war with Venezuela because Castro and his courts are dealing with it as it should be dealt with.

AS STATED in the Gazette of that day four officials of a meat packing company, of Chicago, were fined an aggregate of $25,000 by Judge Humphrey, in the United States District Court in that city, yesterday. The fines followed a plea of guilty to indictments charging conspiracy to accept railroad rebates. U. S. Attorney General W. H. Moody, it is said, agreed to the entry of a plea of guilty with the understanding that the jail provision of the law under which the indictment was returned should be waived and merely a fine imposed. The imposition of a fine of $25,000 was virtually no penalty at all, as the meat trust has the power to recoup at will. A jail sentence, however, for the violators of the law would have had a wholesome effect. As says the Philadelphia North American, a $25,000 fine for the beef trust is in the same class of cruel punishment as would be the infliction of a pin prick on a hippopotamus.

ASSERTIONS that Mr. John D. Rockefeller now holds no securities outside his Standard Oil certificates are ridiculed by interests familiar with his affairs. The valuation of the securities held by Mr. Rockefeller is larger than those possessed by any other individual in the world. His income from the Standard Oil has exceeded $100,000,000 within the last eight years, and his income from other corporations has been equally large. He invests his income almost as rapidly as he receives it. An idea of the wealth controlled by Standard Oil interests is shown in the fact that the company is represented on the boards of more than 125 corporations. It is estimated that Rockefeller's income for the last ten years exceeds the net deposits of the National City Bank, which are $170,000,000.

THE Panama canal commission yesterday awarded the contract for furnishing 120 locomotives for work on the Isthmus to the American Locomotive Works, of New York and Pittsburg. The price to be paid was not made public, but the contract is understood to be the next to the largest ever let by the commission. Considering that the Isthmus is less than fifty miles wide, it would appear to the uninterested that one hundred and twenty locomotives is an excessive number, but this government "pays the freight" and has money to burn.

IT appears that the Japanese are quick to imitate western ideas. Three of their naval paymasters have got away with $165,000, and the cases were concealed for a long time. These are not the only indications that graft is not absolutely excluded from the Mikado's dominions. Some months ago there was a scandal over the building of a barracks, and one of the Emperor's Ministers refused to allow some of his disbursements to be inquired into.

M. WITTE, it is said, has been ordered to Berlin to conduct important negotiations. It seems clear that his conservation of Russian interests in the peace of Portsmouth has restored M. Witte to his oldtime supremacy in the counsels of the Czar—a fact which bodes well for Russia and European peace.

"WIVES who sell their husbands" is the title of a news article in a weekly paper. It is, of course, comparatively common for both husbands and wives to discover after marriage that they have been sold.

AND NOW Roanoke has entered the list of applicants for the internal revenue office which is now located in this city. Alexandria is the proper place for the office and it should remain here.

THE State Department learned yesterday that overtures for annexation have been made by Panama to Costa Rica, and union of the two republics is regarded as probable.

SO FAR that apology due Judge Parker by President Roosevelt has not been made.

From Washington.

[Correspondence of the Alexandria Gazette.]

A republican of national prominence, who is in a position to know, says that there was scarcely anything left of the campaign fund of the party last year which could be returned to the insurance companies that contributed. He declared as absurd the reports that there was now a million dollars in the treasury. A short time ago, he explained, C. Bascom Slemp, son of Congressman Slemp and chairman of the republican committee in Virginia, came to Washington to get hold of a slice of the $300,000 which he heard remained. He thought it could be used effectively in the State, but was informed by Chairman Cortelyou and Secretary Dover that there was nothing to give him.

Cecil Lyon, Republican National Committeeman and dictator of Texas, host of President Roosevelt during the latter's trip this year, and an active business man of the Lone Star State, wants a postoffice in Hardeman county, Texas, named "Damsite." "No profanity is intended," said Mr. Lyon today. "We are building an irrigation dam in Hardeman county, and I notice the engineers date their reports 'Damsite'. A town is growing up there and it needs a postoffice." The Postoffice Department will probably give the town the desired name.

It was learned today from unquestionable authority that Attorney General Moody will resign from the Cabinet next spring and that Secretary of the Navy Charles J. Bonaparte will then be transferred to the Department of Justice as Attorney General. When Mr. Bonaparte entered the Cabinet on July 1st last, it was with the definite understanding that he would only remain as Secretary of the Navy for a period not exceeding one year and that he would then be transferred to the Department of Justice. Attorney General Moody, so it is stated, has long been anxious to leave the Cabinet and resume the practice of law in Massachusetts. It is known that he has an understanding with the President that he will resign next spring.

The Board of Consulting Engineers on the Panama canal held two session today, both of which were devoted to a general discussion of the merits and demerits of various types of dams that have been suggested as possible of employment in connection with the isthmian canal project. A resolution was adopted that the whole board should visit Boston to inspect the Wachusett reservoir dam, which is a part of the municipal waterwork system. While it is perfectly true that in a general way all the members of the board favor a sea-level canal if it is possible under reasonable conditions, it is not true that they have made up their minds to recommend that type of construction.

This morning the papers connected with the transfer to David Belasco and the S. S. Shubert Amusement Co. by the Lafayette Square Opera House Company were filed in the office of the Recorder of Deeds. The new proprietors are to pay to the Lafayette Square Opera House five notes payable May 5,1906, $10,000; May 5, 1907 $10,000; May 5, 1908, $10,000; May 5, 1909, $10,000; May 5,1910, $45,000.

The naval transport Gen. Alva, will be the first American naval vessel to visit Port Arthur since the cessation of the Russo-Jap war. She sailed today from Chemulpho, Korea, for that port.

Justice of the Peace Lewis I. O'Neal has withdrawn as a candidate for Police Court Judge and announces that he will throw his influence in favor of James T. Pugh.

It is said that the value of the presents made Miss Alice Roosevelt during her eastern trip will amount to $100,000.

The American Federation of Labor will make protest to President Roosevelt about the employment of aliens in the map engraving department of the geological survey. This was determined today by the executive council. The council this morning received a message to the effect that the Colorado State Federation of Labor, formerly identified with the Western Federation, has voted to affiliate with the American Federation.

Yellow Fever.

New Orleans, Sept. 22.—The number of yellow fever cases yesterday was 36, and of deaths four. The report from Leeville, where the fever has been so bad, shows that now only 12 cases remain under treatment and that no new cases have occurred for several days.

Up to noon there were 23 new cases of yellow fever and two deaths from the disease reported.

News of the Day.

Col. Francis W. Rhodes, retired, brother of the late Cecil Rhodes, and managing director of the African Transcontinental Telegraph Company, died at Capetown of fever yesterday. He was 54 year old.

Leon Crambeau, seven years old, charged with murdering his six months' old sister, was placed in jail at Marinette, Wis., yesterday. A coroner's jury found that the boy set fire to the bedclothes in the baby's cradle and burned the baby to death. The younger is supposed to be a pyromaniac. He had started fires several times before.

At the meeting in Philadelphia yesterday of the Sovereign Grand Lodge of Odd Fellows the question of separating the Patriarchs Militant from the Sovereign Lodge was referred to the committee on state of the order. The questions of the proposed affiliation with the Manchester Unity of England and the erection of a sanitarium were laid over until tomorrow.

Dispatches from the famine districts of Andalusia, Spain, say that trains of emigrants are leaving to embark for South America. Some villages in Galicia have been totally deserted through despair of receiving the promised relief. The steamship companies announce that 15 steamers loaded with emigrants will leave Andalusian ports in October. The press is urging the government to adopt energetic measures against wholesale emigration to America.

The experiments in the shops of the Chicago Typothæta since the printers' strike began promise a new field of industry for female stenographers. From the typewritter keyboard to that of a big type setting machine, the employers say, is only a short remove. So successful have the young women proved as "operators" in the large printing shops that the proprietors are seeking for more of them. The typotheta Wednesday decided to advertise for 100 girls for machine work to take the places of striking printers. At present 25 girls are acting as strike breakers.

A number of employes of the great electrical companies of Berlin have gone on strike, claiming that living has grown so expensive owing to the high price of meat and other articles that their wages are insufficient and they demand $7 a week for the lowest of unskilled labor, an increase of 15 per cent. The companies claim that it is impossible to grant this demand because the working day already had been reduced from 10 to 9 hours and because the prices of electrical goods are still too low to permit of more than an increase of 5 per cent. in wages. The electrical companies of Berlin employ at least 60,000 men.

Elopement.

Former State Senator James G. McCune, of Meadow Mills, Frederick county, and Miss Mary A. Parker, the beautiful young daughter of Mr. and Mrs. Charles F. Parker, who live near Cedar Creek, Frederick county, eloped to Hagerstown, Md., Wednesday evening and were married in the parlors of the Hotel Hamilton at 9 o'clock that night, Rev. A. B. Statton, pastor of St. Paul's United Brethren Church, officiating. The groom is forty years old, while his bride is only sixteen. She is noted for her beauty.

By profession Mr. McCune is a lawyer and formerly had offices in Winchester and Woodstock. He served one terms in the Virginia Senate from this district. While in the Senate he became widely known as the father of the famous "anti-kissing bill," which, largely through his efforts, became a law and which forbids flirting with schoolgirls in this State. At present Mr. McCune is a schoolteacher in Frederick county.

Mr. McCune and Miss Parker went to Winchester Wednesday evening, reaching there shortly after 6 o'clock. They were driven to the Cumberland Valley Railroad station, where they made close connection with the 6:30 train for Hagerstown Arriving in the Maryland city, they found the courthouse closed for the day, but Clerk Oswald was prevailed upon to issue the necessary license, and the ceremony followed.

Dressed in their working clothes, the two brothers of the bride, having learned that the elopement was to take place, boarded the train and accompanied the couple. One of them is said to have objected to the match, even, it is said, going so far as to appeal to the police of Hagerstown to prevent the wedding.

The other brother, it is reported, favored the marriage and assisted Mr. McCune in the preparations and flight. The parents of the young lady objected strongly to her wedding on the ground of her extreme youth, and, it is said, had forbidden Mr. McCune from calling at their home. The couple will make their home in Frederick county.

Killed in Collision.

A head-on collision between a Philadelphia and Reading Railway pay train and eastbound passenger train No. 10, which was approaching Barnitz station, six miles from Carlisle, Pa., resulted in the loss of six lives and twenty persons injured, among whom, it is feared, at least two more will die. The wreck occurred on a sharp curve.

The trains crashed together shortly after 2 p. m. yesterday on a single-track-road, as a result of alleged violation of orders by the pay train, which was in charge of George O. Sarvis, trainmaster. Sarvis lost both legs in the wreck. The fireman and engineer of the pay train—Ephriam McCleary and John Hill, respectively—were instantly killed, as were also Curtis Shearer, fireman of the eastbound train; the conductor of the pay train, Manning; Edward P. Laucks, assistant paymaster on the pay train, and an unidentified pay clerk, who died going to the hospital.

It is stated by the Reading officials that two more employees may be found under the wreckage.

The passenger train consisted of one passenger car and milk and combination mail and express car. The locomotives were locked fast together. The pay car, which was next to the engine of the other train, was almost destroyed.

Later advices allege that an investigation has shown that Trainmaster Sarvis, whose train was at Barnitz, tried to make a siding without orders.

Reading officials late yesterday evening fear that the death list may reach eight. McCleary was found on his engine with the whistle cord in his hand, it having been pulled clear off the machine, and all the brakes on the train set. The pay car contained about $50,000 in checks, which were scattered about the tracks.

Virginia News.

A Baptist church in Norfolk has elected a female assistant pastor.

A receiver has been named for the Jefferson Fire and Marine Insurance Company of Richmond.

The cases growing out of violation of the Virginia primary election law have been set for trial in Richmond, beginning October 9.

Rev. Floyd Rogers has declined the call extended him by the parish in Princess Anne county and will remain in Hampton.

In the Franklin County Court at Rocky Mount yesterday Mack Alexander, who last July shot and killed Jeff Nowlin, in the latter's home, was given 18 years in the penitentiary.

It is probable that a fight will be made on the confirmation of Capt. J. E. B. Stuart as Collector of Customs of the Port of Newport News. The charge will be flagrant violation of the civil-service regulations in removing inspectors of customs who are democrats and in promoting those who are republicans

The many friends of Robert A. Phillips, who visited Alexandria with the Pheobus Fire Company last year and Harrisonburg this summer, will be glad to hear that he has just been acquitted at Hampton of an alleged murder of a soldier in Phoebus, where he was a policeman last spring. The jury was out but three or four minutes, it being clearly proved that he shot the soldier in self-defence and in the line of his duty.

General Freight Agent H. C. Clevenger, of the Cumberland Valley Railroad, yesterday stated that in a few days he would bring a large party of Pennsylvania bankers and business men to Winchester and demonstrate the possibilities of apples, using the orchards of Frederick county as examples. The United States Agriculture Department recently closed an agreement with S. L. Lupton, of Frederick county, for the use of 40 acres of his land on which to establish a model apple orchard. Apple buyers are experiencing difficulty in securing help to gather the tremendous crop in Frederick county.

Mr. R. E. Lee, jr.

Colonel Robert M. Lee, jr., is a candidate for the Speakership of the House of Delegates, and has very encouraging prospects of success. The colonel is a Petersburger in a sense, if not in the whole sense. We are not certain that he was born here, but here his early boyhood was passed. His mother was born in this city, and here she was married, and his maternal ancestors for many generations sleep in and near this old city. He will have the support and best wishes of the people of Petersburg for his success.—[Petersburg Appeal.

The readers of this paper will be pledged to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constipational disease, requires a constitutional treatment. Hall's Catarrah Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Today's Telegraphic News

Death of Ex-Governor O'Ferrall.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Sept. 22.—Ex-Gov. Chas. T. O'Ferrall died this morning after an illness of three weeks. He had been unconscious for ten days and death was not unexpected. He was 65 years of age and had been in public life since 15 years of age, when he was made clerk of Morgan county to succeed his father. He had filled the offices of legislator, judge, Congressman and governor, and was a gallant Confederate officer. He left his party in 1896 and supported Palmer and Buckner. Business reverses caused a general breaking down of his system and nervous prostration followed.

Richmond, Va., Sept. 22.—Charles Triplett O'Ferrall, ex-member of Congress, ex Governor, Confederate colonel, and distinguished lawyer died at 10 o'clock this morning, at his home here, surrounded by his family. His illness was of three weeks duration and death was due immediately to paralysis of the throat. Since Tuesday the patient had been unable to take nourishment in any form. He could not even swallow water.

Another Murder Mystery.

Boston, Sept. 22.—In a simple suit case the nude trunk of the body of a young girl with the head, arms, and legs neatly severed, floated on the flood tide into the anchorage of the fashionable Wintrop yacht club house on Shirley avenue, in that town, last evening. There is absolutely no clue to the identity of the woman and the police are confronted with one of the blindest mysteries that has been brought to police authorities in this State in years. From the manner in which the work was done, it is believed that the dismemberment of the body was performed by a surgeon. There was evidence left by whoever had the delicately nurtured body of the girl in his control that a criminal operation had been performed and also evidence to the effect that an effort had been made to do away with the testimony which would clearly show the reason for what now appears to have been a most brutal and cold-blooded crime. The abdomen had been opened from the short rib to the pelvis, and the stomach and intestines had been removed, but the vital organs remained—mute but most convincing evidence of the condition of the unfortunate girl. The cut in the abdomen as removing the intestines and the stomach had been sewn up. Aside from the fact that an operation for appendicitis had been performed within a measurable length of time, there is no important clews to the identity of the girl. From the appearance of the suit case it is believed that the body had been in the water over 24 hours. Deep and gruesome as the mystery is, there is reason to believe that the girl was not murdered in cold blood, but that she died as the result of an operation of a criminal nature, and that the horrible mutilation of the body was done in an effort to dispose of it and to prevent tracing the perpetrators of the crime through this means. It is supposed that the suit case was thrown overboard from some steamer.

Deputy Chief Neal, of the State Police, believes that he has found a clew which will lead to an arrest. This morning he heard of a man who saw another carrying a suit case which looked exactly like the one in which the body was found.

Deputy Chief Neal said today that he felt certain the young woman died from the after effects of a criminal operation, that he felt reasonably certain of the place in which the operation was performed, and that a clue has been found as to the person who put the suit case in the water.

Russian Aims.

St. Petersburg, Sept, 22.—Although Russia's imperial policy and plans for conquest have been balked, so far as operations in the East are concerned, by the Japanese, her desire to extend her field of influence is just as strong as it was when it led her into the unfortunate war which has just been concluded. From present indications, she has merely transferred her field of operations and her ambitions are believed now to lead toward Persia, instead of Manchuria. That she does not intend to lose any time in strengthing her influence in the new direction is evidenced by the activity being displayed in seeking concessions in Persia. Negotiations are already approaching conclusion for the construction of Russian railways through northern Persia. Railroad building is regarded as the first step by which Russia plans to firmly establish herself in the new field and it is probable that she will have made great headway in this direction even before her armies are withdrawn from Manchuria. The company of Russian engineers which will make the first survey for the contemplated roads has already been selected, and it is expected that parties will soon be sent out to begin the preliminary work looking to the construction of the lines.

Chinese to Open Large Credits.

Birmingham, Sept. 22.—The Post says that official information has been received from Peking that the Chinese government has arranged to open large credits before the end of the year with banks in London, Paris and New York, and making purchases of military and naval supplies. It is also stated that the Chinese officials are preparing to circulate among the powers a formal notice of their intention to disregard the prohibition placed upon them by their allies at the time of the relief of Peking in 1900 forbidding the importation of arms and ammunition into China.

Attempt to Wreck Bank.

Warsaw, Sept. 22.—An attempt was made at noon today to wreck the Szereszkewski Bank by a man who threw a bomb into the court yard of the institution. The windows of the bank were smashed by the explosion and the bomb thrower was badly injured. He was taken to a hospital. The bomb throwing in charged to Hebrew terrorists, who made a demand yesterday on the banker for 1,000 roubles. It is believed that the bomb, which was exploded today, was meant for the banker, but he escaped.

Head-on Collision.

Fairmont, W. Va., Sept. 22.—Because some one over looked a second section of a train on the Baltimore & Ohio last night, five men were seriously injured, three of them being in a critical condition. The second section of train 97, a New York and Chicago freight carrying merchandise was speeding along at the rate of 45 miles an hour, when it met train 84, originating at Fairmont, going in the opposite direction. The result was a head-on collision.

Secret of Glamis Estate.

Edinburgh, Scotland, Sept. 22.—Lord Glamis, heir of the Earl of Strathmore, a millionaire land owner, whose estates comprise about 23,000 acres, became of age today, and to him will be revealed the secret regarding Glamis Castle in Forfarshire, the ancestral home of Macbeth, and one of the estates to which the young man will some day succeed. The mystery surrounding this castle has existed for centuries. Its dark secret has been kept so well that it has never become known despite the various tales that have gone abroad concerning the castle. The secret is never known to more than three persons. One of these is the reigning earl, the second is the caretaker, or estate manager, and the third is the earl's heir who is made acquainted with the mystery when he attains his majority. The traditional legend in regard to the mystery concerns a secret chamber in the castle which, it is said, is inhabited by the spirit of a former Strathmore, who was struck down dead by some supernatural power while gambling on the Sabbath.

Royal Arcanum Enjoined.

Nashville, Tenn., Sept. 22.—Judge Clark of the U. S. Circuit Court, has granted a temporary injunction restraining the Supreme Court of the Royal Arcanum from putting into effect the advance in rates recently decided upon. October 20 was set as the date for argument on the question of making the injunction permanent. The petitioners for the injunction, who are members of the Royal Arcanum, allege that the new rate will force out of the order every member over 50 years of age.

Newport, R. I., Sept. 22.—Already 65 members of Coronet Council, Royal Arcanum, have dropped out because of the increased rates. Most of them were charter members. A receivership for the Newport Council will be applied for shortly, it is said.

Miss Roosevelt in Korea.

Seoul, Korea, Sept. 22.—A women's luncheon was given at the palace yesterday in honor of Miss Alice Roosevelt and the women of her party. The occasion was a notable one, inasmuch, as it is the first time in the history of the country that a woman of the palace have entertained foreigners. Two missionaries, Mrs. Bunkers and Mrs. Underwood, acted as interpreters. A toast to Miss Roosevelt was proposed by Om, the Emperor's consort, who was hostess at the luncheon. A reception was given yesterday afternoon in honor of Miss Roosevelt by Mr. Morgan, the United States Minister, and Mr. Jordan, the British Minister. Members of the Karean Cabinet, the diplomatic corps, and General Hazgawa, commander of the Japanese troops in Korea, and members of his staff were presented to Miss Roosevelt.

Labor Leaders Fined.

Wilkes-Barre, Pa., Sept. 22—Judge Ferris this morning fined three labor leaders of this city and the Wyoming Valley Council of Building Trades for contempt of court in ignoring an injunction which restrained them from conducting a boycott against J. A. Patterson & Co., a prominent lumber and building firm. The men were this morning fined $250 and costs each, and the Wyoming Valley Council $500. An appeal was at once taken to the Supreme Court by the defendants' attorneys. The fight here between the building trades and the employers' association has been in progress for a year and the Patterson case was made a test to curb the union movement.

To Result in International Inquiry.

Raleigh N. C., Sept. 22.—A special from Asheville, N. C., states that the recent brutal so called wrestling match there between Professor Ono, a professional Japanese Jiu Jitsu wrestler (some time employed at the Naval Academy, at Annapolis), and a Chicago American, in which Ono was badly injured by the American butting him on the head and face, is likely to result in an international inquiry. Mr. Hirano, Professor Ono's manager, left for Washington where he will lay the whole matter before the Japanese minister with the request that the matter be carried to President Roosevelt with a claim for damages.

Reached an Agreement.

Paris, Sept. 22.—Baron Rosen, the German minister to Morocco, and M. Revoil, the French representative, who have been in charge of the negotiations in regard to the coming conference on Morocco affairs, made an announcement this afternoon that they had reached an agreement on all the principal points on which they have been at difference. Premier Rouvier and M. Revoil will probably have another conference tomorrow and steps will be taken to bring the negotiations to a conclusion.

Advanced Prices of Oil.

Pittsburg, Pa., Sept 22.—The Standard Oil Company's purchasing agents in Pittsburg this morning announced these changes in crude oil prices: Tions, $1.56, an advance of 5 cents per barrel; Pennsylvania, $1.46, an advance of 10 cents per barrel. Changes, if any, in other grades have not yet been bulletined in this market.

Suicide of Sporting Man.

Norfolk, Va., Sept. 22.—M. V. Moroney, a sporting man of Virginia Beach, and one of the proprietors of the Raleigh Club, took his own life on the beach, at an early hour this morning, by blowing his brains out with a revolver. He had been drinking heavily for many days. He was well known in sporting circles.

Another Bequest.

Glasgow, Sept. 22.—Andrew Carnegie has made a gift of $50,000 in bonds to St. Andrew's University. The bonds will yield an annual revenue of $2,500, which will be used to endow a recreation park and gymnasium which Mr. Carnegie has given to the university.

American Steamer Captured.

Tokio, Sept. 22.—The American steamer Barracouta has been captured by the Japanese near Saghalien. The Barracouta is a steamer of 1,749 tons and is commanded by Captain Curtis. She left San Francisco on August 22 bound for Nicolaieffski.

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. E. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Billiousness." 25c at E. S. Leadbeater, & Sons, druggists.

The Market.

Georgetown, Sept. 22.—Wheat 60a80.

Shot by Her Husband.

Fairmont, W. Va., Sept. 22.—George Cuccasere, an Italian, shot and fatally injured his wife, Mary, at the home of a friend late last night. Recently Mary deserted George for what she called a better looking man and the pair was living at Connellsville. She was arrested by a local officer and brought back here. The trial was held yesterday and resulted in George's favor. After the hearing Mary went to the home of a friend. Her husband followed and shot her. He escaped arrest and has not yet been located. Mary was taken to a hospital. She will not recover.

A Denial.

New York, Sept. 22.—Andrew Hamilton Albany, counsel for the New York Life Insurance Company, has sent a dispatch from Biarritz, France, denying that the $100,000 given him by President McCall, was used to influence legislators.

New York Stock Market

New York, Sept. 22.—Professional traders on the floor were at first extremely bearish and offered and sold stocks in fairly large amounts, reaching a large total. This selling was enough at times to offset the buying by the large interests and frequent rallie and reactions have marked the movement of prices. Decided strength was shown in the southern group.

TELEGRAPHIC BREVITIES.

A message to a church missionary society at London states that a man was crucified at Akhu, in Nigeria, by the King of Ugboko, as a sacrifice at an annual festival.

A man, evidently a crank, appeared at Sagamore Hill this morning and said he wanted to get the $48,000 the New York Lite Insurance Company gave the republican national committee. He also said he was ready to assume the duties of Secretary of Agriculture, the position Mr. Wilson would soon be compelled to abandon. The stranger subsequently left, saying he would return later in the day.

Election Expenses.

Lieutenant Governor Willard yesterday afternoon in Richmond filed a statement of the amount spent by him in his recent race for the nomination for the governorship. It aggregates $18,328.74, itemized as follow; Stationery, printing and postage, $3,672.37; express, telephone and telegrams, $223.60; clerk hire, stenographer and typewriting, $2,226; advertising and subscriptions to papers, $5,363.61; traveling expenses, $1,400.70; hall hire and expenses of meetings, $714 90; Richmond headquarters, $3,227.56, and primary fee, $1,500.

Joseph D. Eggleston, jr., democratic nominee for Superintendent of Public Instruction, yesterday filed a statement of his expenses in the primary election. He spent $807.82, of which $400 went for traveling expenses and $200 for his assessment. The rest was in advertising, clerk hire and postage.

In his statement filed yesterday afternoon, James Alston Cabell shows that it cost him $502.30 to seek the nomination for Lieutenant-Governor in the State primary. Mr. Cabell shows that he spent the greater part of the money accounted for in traveling over the State and in paying the assessment charged against him by the State committee.

The statements of the candidates' expenses in the order of their amounts, beginning with the largest, are as follows: Willard, $18,238.74; Martin, $11,542.02; Swanson, $9,840.86; Montague, $5,364.91; Mann, $5,364.25; Ellyson, $2,599.06; Anderson, $828.69; J. D. Eggleston, jr., $807.82; Cabell, $502.32; Harman, $475 90; D. Q. Eggleston, $235; Koiner, $204.60; total, $55,094.17.

Harman, D. Q Eggleston and Koiner had no opposition. The largest amount was spent by Captain Willard and the smallest by Mr. Koiner.

Riot Among School Children.

Fifty children attending the Shakespeare public school at Pittsburg, Pa., engaged in a fierce race riot yesterday afternoon which resulted in ten of the pupils being injured and a riot call being turned in. It was not until a squad of policemen had arrived that the children were quited and the disturbance stopped. There has been trouble in the school since the opening on account of the number of negro children who are enrolled as pupils. In several of the rooms the white children objected to being seated next to the negroes, and several of them left the school because the teachers refused to make any distinction. Several fights have taken place since the opening of the school. Yesterday afternoon when the children were sent out of the building for recess they had scarcely reached the grounds when the fight was started. It is evident that it had been carefully planned, for an attack was made on every negro child as he emerged from the building by the white boys. In all fifteen negro boys were beaten. Some of their injuries were of such a serious nature that they had to be taken to their homes. No arrests were made, the police sending the white boys back in the schoolroom.

Everybody's Magazine for October has been received from its publishers in New York. In its leading article is given a readable and unconventional account of the "Industrial School for Boys" in Ohio. In this month's instalment of "Frenzied Finance" three strange and picturesque characters have the stage. An article which will interest women is an illustrated description of the men who are the "Artist Dressmakers of Paris." Sombre and terrible is the picture of Russia of the moment given in "Peasant Cattle." The career of "Ella Rawls Reader, Financier," is continued in this number, and the autumn theaters are discussed in "The Players." There is a wide range of fiction in the nine clever stories, and poems, reviews of books, music and art complete this excellent issue.

The report of the Commissioner of Pensions for the fiscal year ended July 1 last shown that during the year there were 46,965 allowances under the old-age disability order of March 15, 1904.

Weather Probabilities.

For this section fair tonight and Saturday moderate temperatures; light to fresh westerly winds.

Junior Order of Mechanics.

Alexandria Council, No. 33, Jr., O. U. A. M., held a most interesting meeting last evening. The council opened in due form, and after transacting its routine work the friends of the members were admitted and the following programme rendered: Singing, "My Country 'Tis of Thee," by the council; opening remarks, L. D. Lyles, chairman of committee; instrumental music, Samuel E. Wade; recitation, Mr. J. Fred. Birrell; selection, Alexandria Ideal Musical Club; instrumental duet, Messrs. Wade and Biddle; address, by Hon. Geo. L. Simpson; instrumental music, Messrs. Wade and Biddle; recitation, J. Fred. Birrell; music, Alexandria Ideal Musical Club; recitation, L. D. Lyles; address, by Mr. William W. Beattie, of Washington, D. C.

The principle features of the evening were the addresses of ex-Mayor G. L. Simpson and Mr. W. W. Beattie, which were inspiring, and were listened to with close attention and called for well-merited applause. This council continues to lead in point of numerical strength of any organization in the city, and its future promises to be as bright and prosperous as its past.

The Winchester and Washington Railway.

Mr. A. Moore, jr,, general counsel; S. L. Hoover, general manager, and N. W. Davis, engineer, of the Winchester and Washington City Electric Railway Co., were in town Wednesday on business connected with the construction of their plant on the Shenandoah four miles east of Charles Town. This company has purchased another power site on the Shenandoah, which with what they had previously possessed will give them a fall of thirty-two feet and an immense power. Purcell & Co., the contractors, are hustling things on the big dam. A traction engine is being used to haul two wagons heavily laden with material at one time from Millville station, and a tramway will soon be put in operation up the west side of the river and over to the work on the dam. The working force is rapidly increasing, and the vicinity of the old Millville Mill now presents a very animated appearance.—[Charlestown, W. Va., Spirit of Jefferson.

Fraternal Visit.

Perseverance Tent, No. 1098, I. O. R., paid Purity Tent, of Washington, a fraternal visit last night and they were cordially welcome. The following programme was rendered: Piano solo, Mrs. Crismond; recitation, Miss Mary Ford; vocal solo, Mr. Sullivan; piano solo, Miss Stenhouse; recitation, Mrs. Adkins; vocal solo, Miss Estelle Murray; coon sketch, Mr. Will Duling, accompanied by Prof. Haskins; vocal solo, Miss Nora Chauncey; recitation, Mrs. Mercy Adkins; address, W. L. Griffin; recitation, Miss Maud Riggles; piano solo, Miss Nina Thomas; vocal solo, Miss Marie Johnson; recitation, Miss Mary Ford. Later Perseverance Tent left for home after having experienced a pleasant evening. Perseverance Tent has a membership of sixty-one and ten are to be added to its roll next week.

The Denver Express.

"The Denver Express" will cross the stage at the Opera House Monday, September 25, piloted by Holden Bros. and their trained crew, which includes a right bouyant brakeman in the person of a dainty singing and dancing soubrette who, as the heroine of this well tried success, makes laughter and merriment prevade the piece. Few dramas can compare with this well written play. Almost every phase of western life is vividly depicted. From the attempted massacre of the whites by a party of sure enough Indians to the derailing of the Denver Express, the interest never lags, and the scenery painted for these episodes is said to be excellent examples of the scene painters work. The play has the advantage of a strong company, special scenery, and a carefully selected series of clever specialties.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Albert Smith, colored, arrested by Officers Mayhugh and Lyles charged with disorderly conduct and fighting, was fined $10.

Raymond Jones, colored, arrested by Officers Mayhugh and Bell charged with fighting, was fined $5.

Henry Clarke, colored, arrested by the same officers for a similar offense, was dismissed.

Albert Mason and Bessie Morris, both colored, arrested by Officers Knight and Ferguson charged with fighting, were fined $5 each.

Mamie Galloway, colored, arrested by Officer Bettis for disorderly conduct, was fined $5.

Fresh Fish.

The receipts of salt water fish at this place during the past few days have materially increased, and some fine specimens are now offered in market. The varieties embrace rockfish, croakers, mackerel, butterfish, flounders, tailors, &c. A large consignment of small rockfish was received today. Prices, however, have been immovable for a long time, and fresh fish are regarded as an expensive luxury. There is but little likelihood of prices weakening in the near future from the fact that there is always a demand in the larger cities for these saltwater products, and with the rapid transportation now afforded a market can always be found for them.

River Notes.

There was a dense fog on the river early this morning which interfered with navigation. The steamer Washington was about an hour late in reaching this city from Norfolk. On the way up the steering gear of the steamer broke and it was necessary to steer her by hand.

The barges Glenwood and A. W. Embrey, from Baltimore, with fertilizer to the Bryant Fertilizer Company, have arrived.

Personal.

Mr. Claude Tyler and Miss Rosie S. Hartbower, both of Fairfax county, were married last night at the St. Mary's parsonage by Rev. Father J. J. Bowden.

Miss Minnie Hayden was married on the 9th instant, at Fredericksburg, to Mr. J. Frank Kaiser, by Rev. Hugh Barber.

The condition of Capt. Geo. W. Pettey, who trod on a nail at the burning of W. A. Smoot & Co's stable, Tuesday night, remains unchanged. He is still confined to his home.

Dr. J. D. Gatewood, U. S. N., and family have gone to Washington where they will reside in the future.

Mr. W. J. Boothe is quite sick at his home on Washington street.

Miss Mabel Owen, of Washington, has accepted the position as alto in Christ Church choir.

Football.

The Alexandria Athletic Club will play its first game of the season with the 44th company of Fort Washington on the old fair grounds tomorrow evening at 4:30 o'clock. The home club lost but one game last year. The line-up of the Alexandrians will probably be: Gray, right end; Hamersley or Garrett right tackle; McKenney, right guard; Tomlin, center; Kirk or Bradley, right half; Dobson, full back; Patterson, left half; Trigger, left guard; Delaney, left tackle, Smythe, left end; Hantzman, substitute.

Street Improvements.

The new vitrified roadway on Prince street, between Fairfax and Lee, is virtually completed, and the work of laying concrete on Lee street, between Prince and Duke, preparatory to placing vitrified brick on that square, is being rapidly pushed. Royal street, between King and Cameron, will be the next square improved, and the work of placing new granite curbing in position was commenced today.

Accident to a Locomotive.

The south bound Quantico accomodation train of the Washington-Southern Railway which left here at 7:07 p. m. yesterday was delayed at Franconia, a short distance south of this city, by the breaking of one of the axles of the locomotive. Another engine was later attached to the train, after which it proceeded to Quantico.

Death of Theodore Bailey.

Mr. Theodore Bailey died at his home at Bailey's cross roads, near this city, yesterday. The funeral will take place tomorrow afternoon at 2 o'clock from the Cross Roads Episcopal Church. The interment will be in Ivy Hill Cemetery.

Old Dominion Commandery.

Eminent Sir A. W. Baker, of Winchester Commandery, No. 12, will inspect Old Dominion Commandery, No. 11, K. T., on Friday, September 29.

LOCAL BREVITIES.

An automobile will be sold at public auction at noon tomorrow in front of Aitcheson Bros. planing mill.

Mr. Jos. F. Rodgers has a fine peach tree in his yard on south Fairfax street, from which he has plucked several peaches weighing 12½ ounces.

The funeral of the late James W. Smithers took place from the residence on south Fayette street this afternoon, Rev. Mr. Jeffers conducted the services.

The prospects for the Episcopal High School, near Alexandria, are particularly bright this year. The applications for admission have exceeded the capacity of the school.

Oriental Court, No. 10, Junior Order of American Mechanics, participated in the oyster supper at Mr. C. H. Zimmerman's hotel Wednesday night, not Knights of Pythias, as was stated yesterday.

The United States army quartermaster's department service tug Gibbon, which has been superseded by the tug Lieut. Alonzo H. Cushing on the route between this city and the forts on the Potomac, is to go to Fort Scrivin, at Savannah, for service as tender to that army post.

Mr. George L. Young will have at his stand in market tomorrow fine apples and country produce from his farm, Middle Run, Fairfax county.

Dining room open every Sunday during oyster season. C. H. Zimmerman, Market Space.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. Kings's New Discovery for Consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at E. S. Leadbeater & Sons' drug store, price 50c and $1.00. TO MY FELLOW CITIZENS:

I will be a candidate for CLERK OF THE CORPORATION COURT of the city of Alexandria, subject to the primary, to be held on Thursday, October 12th, and request your support.

I have been a loyal democrat from my first vote to my last. Since my youth I have devoted my best endeavors at every election to my party. Should I be chosen to the office I will devote my full time to the work, and endeavor, as best in me lies, to so conduct the office that all work will be kept up to date, and every one having business there will receive immediate attention.

My aim and chief desire will be to have a model office, with everything in order and proper place.

At all times every courtesy and every assistance will be rendered to all having business with the office. Yours respectfully, sep22 td CHARLES BENDHEIM.

TO THE VOTERS OF THE SECOND WARD: I respectfully announce myself a candidate for the office of MAGISTRATE for the Second ward, subject to the decision of the democratic primary, to be held October 12th. Thanking you in advance for your vote and support. I am, yours, sep22 3t* FRANK MASON.

Remarkable Phenomenon.

Old Point Comfort College, Va., September 21, 1905.

To the Editor of the Alexandria Gazette.

The writer, who lives near Buckroe Beach, saw yesterday morning, about five o'clock, a remarkable phenomenon, the cause of which he does not understand and which he therefore desires to publish in order to obtain an explanation from some person who may. He was nearly a mile from the beach, standing upon a veranda probably ten feet from the ground. Behind Buckroe, possibly far off on Chesapeake bay, or the Atlantic, there was a broad band of red light, far more resplendent than he had ever seen in that direction before, the red which comes before sunrise being always dull until the sun is well up. Above the band, there were what looked like trees, but which he supposed to be clouds. In a very few moments it became evident that they were trees, but he knew that there were none of such size in that vicinity, while he was looking from between trees closely resembling them. His conclusion was that they were the pictures of those trees reflected as in a looking glass. Was he right? The whole scene was by far the most magnificent he had ever witnessed except the corona of the sun in the total eclipse visible in this vicinity some years ago. As the band began to lose its brightness while he was gazing at it, and no one else about the place was up, he alone saw it and he knows of no one elsewhere who did, though it was doubtless seen at Fortress Monroe or the Hotel Chamberlin.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Naval Armistice.

The Russian and Japanese squadrons, commanded respectively, by Rear Admiral Jessen and Vice Admiral Shimamura, met in Koruiloff bay September 16, and the admirals arranged the terms of the naval armistice. The conference, which lasted five hours, determined on the zones in which ships of the two nations are free to circulate, regulated the question of contraband and established a line of demarcation, beyond which military contraband shall not be carried.

The narrowest portion of the Gulf of Tartary remains neutral.

Rear Admiral Jessen requested permission to send provisions to Kamtchatka, to which Admiral Shimamura willingly agreed.

The conference of the admirals took place on board the Russian armored cruiser Rossia, Rear Admiral Jessen being the senior admiral. After the close of pour parlers Admiral Jessen paid a ceremonial visit to the armored cruiser Iwate, the Japanese flagship. No salutes were fired, but honors were paid before and after the conference by the dipping of flags.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye" Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

PROPOSALS.

AN ORDINANCE to provide for the granting by the City Council of Alexandria, to the person or corporation hereafter to be ascertained in the manner prescribed by law, of the exclusive right to furnish electricity for light, heat, power and any other general purpose to the City of Alexandria and inhabitants thereof, and to erect, construct and maintain the necessary poles and fixtures and to run wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That there shall be granted in the manner prescribed in an act of the General Assembly of Virginia, approved May 20, 1903 the rights and privileges on, over, under and along the streets, public alleys, bridges, parks, and other public ways and places in the City of Alexandria, which are embodied in the following draft of an ordinance:

An Ordinance to grant exclusive right to ——, its successors and assigns, to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria and inhabitants thereof, and to erect, construct, and maintain the necessary poles and fixtures, and to run wires on, over, under and along the streets, public alleys, bridges, parks, and other public ways and places in the City of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

1. That — —, its successors and assigns, be and they are hereby granted the exclusive right to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria, and the inhabitants thereof, for a period of thirty years, and for the purpose of furnishing and supplying electricity for light, heat, power, and other general purposes they are hereby granted the use of the streets, highways and other public ways and places of said City, and are authorized to erect, construct, and maintain the necessary poles, fixtures, and other essential apparatus, to construct and maintain conduits, and to run and maintain wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, in order to furnish and supply electricity for light, heat, power and other general purposes to the City or to the inhabitants thereof, upon the conditions, provisions and limitations hereinafter set forth, as well as under these set forth in such ordinances of the City of Alexandria, as may be applicable thereto, and as are not in conflict with this ordinance and the amendments heretofore made or which may be hereafter made to such ordinances.

2. Each route shall be first determined upon by the City Engineer before any poles are erected, and the Committee on Streets may require the said — —, its successors or assigns, to use and occupy the poles already erected by any person or corporation before the running of wires along such route, provided that the City Engineer first deliver to the said ——, its successors or assigns, permission in writing from the owners of such poles already erected, to run and maintain other wires thereon, at reasonable rates to be fixed by agreement or arbitration. All wires run and all work done in pursuance of this ordinance shall be done in a good workman like manner and of material suitable for the purpose, at the time the work is executed, and shall be approved as such by the City Engineer.

3. The rights and privileges hereby granted shall continue for thirty years unless sooner forfeited as herein provided for, and upon the termination or forfeiture of this grant the entire plant, as well as the property of said — —, its successors or assigns, located in the streets, public alleys, or other public places in the city, shall become the property of the City Council of Alexandria, upon the payment to the said — —, its successors or assigns, by the City Council of Alexandria, of a fair cash valuation of said entire plant and property, but the said — — shall be entitled to no compensation by reason of the value of the franchise hereby granted. In the event of the City Council of Alexandria and the said — —, its successor or assigns, being unable at least six months prior to the termination of this grant, or within thirty days after the forfeiture thereof, to agree upon a fair and just cash valuation of said plant and property, then and in that event, such valuation shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said — —, its successors or assigns, and the third (in case of disagreement by such arbitrators) by these two arbitrators, or, in the event of the the two so chosen being unable, within twenty days after the date of the appointment of whichever of the two was last appointed, to agree upon a valuation, or failing that to agree upon a third arbitrator, the third arbitrator shall be appointed, by the then Judge of the Sixteenth Judicial Circuit of the State of Virginia, and the three arbitrators so appointed, shall proceed to establish a fair cash valuation of said plant and propertys excluding the value of or any compensation for the franchise hereby granted, and upon the payment of the amount so established and fixed to the said — —, its successors or assigns, by City Council of Alexandria, the said plant and property shall thereupon vest absolutely in the City Council of Alexandria, and any expense incurred for compensation for the three arbitrators so appointed, shall be borne by the said — —, its successors or assigns, and the said City Council of Alexandria, equally.

4. The City Council of Alexandria expressly reserves the right to impose other reasonable regulations, conditions and requirements upon the said — —, its successors or assigns and to pass such other ordinances as may be necessary to secure efficiency of public service by said — —, its successors or assigns, at reasonable rates, and to compel the said — —, its successors or assigns, to maintain said plant and property of the said — — in good order throughout the term of this grant; and it is hereby expressly provided that for a failure to comply with any material provision of this ordinance or of any such regulation, condition, requirement or other ordinance, this ordinance may be declared forfeited by said City Council of Alexandria, and be repealed, and the franchise hereby granted be declared to be at an end, provided always that any such failure shall not have been made good by the said — —, its successors or assigns, within ninety days after written notification of such failure to said — —, its successors or assigns, provided always that any such failure resulting from the act of God, public enemy, strikes at home or abroad or from any other unavoidable accidents or events, shall not be deemed a ground for declaring the franchise, rights and privileges hereby granted repealed, forfeited or at an end.

And it is further provided that should the said — —, its successors or assigns, be compelled by virtue of any state or municipal law or ordinance to place its or their conductors or any portion or portions thereof under ground, that the City Council of Alexandria shall provide, at its own expense, the trench or trenches necessary for the burying of such conductors, said City Council bearing the entire expense and responsibility incident to the opening and closing of such trench or trenches and the proper relaying of the pavement thereby disturbed, and said — —, its successors or assigns, bearing the entire expense incident of the furnishing and placing within such trench or trenches or the underground conductors and conduits so required.

5. For failure to comply with any material requirement of this ordinance the said — —, its successors or assigns, shall be liable to a fine of not less than ten nor more than one hundred dollars for each offense, each day's failure to be a separate offense, said fine to be collected as other fines are collected and paid into the city treasury. The imposition of any fine under this section shall not prevent a forfeiture under the foregoing section.

6. That the said — —, its successors or assigns, in the equipment of the poles, wires, fixtures or other works will use such appliances as are best designed to prevent injury by electrolysis to the water and gas mains and pipes or other public improvements of the city, and will pay to the City Council all damages to gas mains and pipes occasioned by electrolysis caused by the failure to use such appliances and will also indemnify and save harmless the City Council from all claims of damages occasioned to person or property growing out of injury from the failure to use such appliances. The said — —, its successors or assigns, agree and bind themselves to hold the City Council free and harmless from liability from any and all damages, except as herein otherwise expressly agreed, that may accrue to any person or persons or corporation or corporations on account of injury or damage to person or property growing out of the construction, improvement, maintenance, repair or operation of the works and fixtures hereby authorized, and whenever the city is liable therefore and shall be sued for such damage either independently or jointly with the said — —, its successors or assigns, on account thereof, the said — —, its successors or assigns, upon notice to it or them by the City Council will, except in a case where it is herein agreed that the entire responsibility for any stated work shall lie on the City Council, defend the city in such suit, and in the event of a judgment being obtained against the City Council, either independently or jointly with the said — —, its successors or assigns, on account of acts or omissions of the said — —, its successors or assigns, then said — —, its successors or assigns, will pay such judgment with all costs, and hold the City Council harmless therefrom.

7. The said — —, its successors or assigns, shall have a telephone placed and kept in its or their central station and whenever it shall become necessary to have the current cut off the wires on any of its circuits during the progress of a fire, said — —, its successors or assigns, shall immediately, upon the receipt of a message from the Chief of the Fire Department, or his representative, have the current on such circuit cut off and allow it so to remain until notified by the said officer or his representative that the said current may be again turned on.

Should said — —, its successors or assigns, fail, at any time, to immediately obey any such message whenever given, it or they shall be liable to a fine of not less than ten dollars nor more than one hundred dollars for such failure.

8. The privileges hereby granted are given upon the following further conditions:

(a) That said — —, its successors or assigns, will, within six months from the date of approval by the Mayor of the city of Alexandria, the final ordinance granting the privileges herein contained, begin to construct the work hereby authorized, as herein agreed, and fully complete the same within twelve months after the approval of said ordinance.

(b) That said — —, its successors or assigns, will continue to push to completion such work as herein agreed, until said — —, its successors or assigns, shall be ready to furnish an adequate current for electric light, heat and power.

(c) That said — —, its successors or assigns, shall, before commencing work under the provisions of this ordinance, execute a bond with security to be approved by a majority of the Finance Committee of the City Council of Alexandria, in the penal sum of ten thousand dollars, conditioned upon the faithful construction and putting into operation, within the time prescribed, and for the proper maintenance of the plant and works necessary to secure efficiency of public service, and to protect the City Council from damages arising from suits or otherwise, for which said — —, its successors or assigns, are responsible.

Section 2. That upon the approval of this ordinance by the Mayor of the City of Alexandria, it shall be the duty of the Clerk of the City Council to cause to be advertised once a week for four successive weeks, in a newspaper published in the City of Alexandria, a draft of the ordinance contained in the foregoing section, and in addition, he shall, in such advertisement, invite bids for the franchise, privileges and rights proposed to be granted in the proposed ordinance, and also for the present electric plant of the city. The costs of this advertisement shall be reimbursed to the City Council of Alexandria by the person or corporation to whom the grant of this franchise is finally made.

The City Council will reserve the right to reject any and all bids. Every bidder will be required to file with his bid a certified check for five hundred dollars, payable to the order of the City Council of Alexandria, which certified check will be returned to said bidder on the rejection of his bid, or, if his bid be accepted and the above franchise awarded him; said certified check will be returned on the delivery to the City Council of the bond mentioned in sub-section of Section C of section 8, above.

The bids are to be delivered to the presiding officer of the Common Council of the City of Alexandria, at the day and hour of the next regular session of said body in open session to be held next after such advertisement shall be completed, which bids, by said presiding officer, shall be then and there presented to the City Council, to be dealt with and acted on in the mode prescribed by law.

Section 3. This ordinance shall be in force from its passage

Passed the Common Council June 27, 1905.
HUBERT SNOWDEN, President.
Passed the Board of Aldermen July 11, 1905.
J. T. SWEENEY, President.
Approved July 13, 1905.
FRED. J. PAFF, Mayor.
Teste: DANIEL R. STANSBURY, Clerk C. C.

Bids are invited for the franchise, rights and privileges proposed to be granted by the above ordinance, and also for the present electric lighting plant of the city, which bids are to be in writing and are to be delivered on the 10th day of October, 1905, at 8 o'clock, p. m., to the presiding officer of the Common Council of this city, in the Council Chamber thereof: each bidder is requested to make two bids—one bid for the present electric lighting plant of the city inclusive of the above franchise, rights and privileges, and one bid for the above franchise, rights and privileges exclusive of the present electric lighting plant. No bidder, however, will be compelled to comply with his bid for the electric lighting plant unless his bid for the above franchise, rights and privileges is also accepted. Each bidder will be required to file with his bid a certified check for $500 in accordance with Section 2 of the above ordinance. The City Council reserves the right to reject any and all bids.
